## 学校官网转学分政策：

### TRANSFER CREDIT POLICY FOR UNDERGRADUATES

<https://www.cca.edu/students/handbook/transfercredit>

#### Permission to Take Courses Outside CCA

Students should obtain pre-approval to receive transfer credit for classes they take at other institutions after they have matriculated at CCA. Students who matriculate with fewer than 60 transfer units may apply a maximum of 12 additional transfer units toward their degree requirements; however, students who matriculate with 60 or more transfer units may apply a maximum of 6 additional transfer units toward their degree requirements.

All transfer units must adhere to the college's residency requirement. Classes must be taken at appropriately accredited schools and must be completed with a grade of C or better.

The program expert must pre-approve credit for all major requirements (see Advising Schedule for the current semester's advisors.) Students must submit final transcripts for classes taken outside CCA to the Student Records office before the end of their first term back at the college and must meet with their advisor for a portfolio review of work completed in studio courses before the units can be applied to their CCA requirements.

CCA does not allow concurrent enrollment during the fall and spring terms, with the exception of the cross-registration agreements with Mills College and Holy Names College, and the foreign language study options listed below. Students may not take classes outside CCA while they are currently enrolled in courses at CCA, including online courses offered at other institutions. Concurrent enrollment is possible during the summer term if the student has submitted a transfer credit approval form to the Student Records office. Students intending to take classes at CCA and at a community college or other institution in the summer can not apply for aid for multiple schools during the same term.
