Frequently asked questions

<https://www.scad.edu/admission/admission-information/transfer/frequently-asked-questions>

How many credits will transfer? When will I know how many credits have transferred?

After a student is accepted, transfer advisers review transcripts to determine which classes have the potential to transfer to SCAD. Once the review is complete, students are emailed the transcript evaluation. A maximum of 90 quarter hours of undergraduate credit for a bachelor's degree may be given for courses appropriate to the respective curriculum. Only grades of 2.0 (C) or better for undergraduate credit may be transferred.

Will my associate's degree fulfill the first two years of my course of study at SCAD?

Transfer credit at SCAD is evaluated on a course-by-course basis, so associate's degrees may or may not fulfill the first two years of a student's course of study at SCAD.

Transfer credits

<https://www.scad.edu/admission/admission-information/transfer/college-credits>

After an undergraduate transfer applicant is accepted for admission, official transcripts showing completed collegiate coursework are evaluated by the admission office to determine whether or not the student may be granted advanced standing. The coursework must be found to be relevant to the degree the student is seeking at SCAD, with course content and level of instruction resulting in student competencies comparable to or higher than those of students enrolled at SCAD. In assessing and documenting comparable learning through course content and level of instruction, SCAD uses recognized guidelines that aid in the evaluation of credit, such as those published by the American Council on Education and the American Association of Collegiate Registrars and Admissions Officers. This policy is consistent with the mission of SCAD and ensures that coursework and learning outcomes are at the collegiate level and comparable to SCAD's degree programs.

Generally, transfer credit may be accepted from institutions that are approved by the U.S. Department of Education and hold regional accreditation, or have appropriate specialized or programmatic accreditation, or have been evaluated and proven to be comparable in course content and level of instruction to SCAD, or are recognized by the ministry of education or equivalent agency in the applicant's home country. Course content is evaluated by comparing the curricula of other institutions with that of SCAD and assessing whether or not foundation studies, general education and major discipline courses are comparable to those offered at SCAD. Level of instruction is evaluated by comparing the percentage of faculty at other institutions who hold graduate and terminal degrees with the percentage of faculty at SCAD who hold graduate and terminal degrees.

AUIA国际暑期学校
AUIA International Summer School

YANGPU, SHANGHAI, CHINA

Students who wish to appeal the decision of SCAD regarding transfer of credit from international institutions may provide an outside credential evaluation, although SCAD reserves the right to make a final determination of transfer credit. A list of acceptable outside evaluators can be obtained from the admission office.

A maximum of 90 quarter hours of undergraduate credit for a bachelor's degree may be given for courses appropriate to the SCAD curriculum. Only grades of at least 2.0 (C) may be transferred for undergraduate credit. Failure to submit an updated transcript may result in loss of transfer credit.

A portfolio review is required for final transfer credit determination of specific studio courses before or during the student's first quarter of enrollment. To receive specific studio course credit, students must follow the portfolio submission criteria and guidelines available through the admission office. Additionally, a review of all course syllabi may be required. Portfolios are reviewed by faculty members from the applicable department. Transfer credit is granted when the quality of work in the portfolio is found to be at least equivalent to that which would earn a grade of 2.0 (C) or better in an equivalent or comparable course at SCAD. Failure to submit a portfolio during the first quarter of enrollment results in the loss of opportunity to transfer studio credit. Transfer of credits earned in a distance-learning program is evaluated on a case-by-case, course-by-course basis.

Students who wish to appeal the transfer credit process after the first quarter of enrollment must submit a written request to the admission department. Transfer credit appears on the transcript as T and is not calculated in the student's grade point average. The final 45 hours of any degree program must be earned at SCAD. Study abroad programs offered by SCAD and SCAD eLearning courses are considered in residence and may be counted as such.
